

## Jelly Baby Tree

This is a great way to gain an insight into how people are feeling. Ask team members to identify the jelly baby character that best fits their mood. The aim isn't to illicit an emotional response, but to help people to understand how people are feeling and why people may be responding in a certain way.

p.s. We don't own the copywrite to this, or know who does! If it's you, please get in touch.
